"TERRITORY OF HAWAII"

NAME THE COMMISSIONERS WILL RECOMMEND.

Form of Government is to be Territorial With Large Extension of the Municipal Idea.

It will be the "Territory of Hawaii." That is the name which the Annexation Commission has decided to recommend to Congress. Thus will be preserved in the political nomenclature of the United States the distinctive origin of this part of the United States, just as the names of Louisiana, Oklahoma, New Mexico, Arizona and California perpetuate their distinctive origin. The history and tradition of the Islands, and the associations that no one resident here wants forgotten, will go on in unbroken union with the name.

The form of the government will be modeled on that of existing territories. There will be no more nor further departures from this form than local conditions, and national political considerations, make necessary. It is probable that in working out the details the form of government will not approximate so closely to that of state government as the ordinary form of territorial government does. But the ultimate possibility of statehood will not be barred. Still there will be no District of Columbia or Alaska form of government proposed. Local self government will be given through an extension of the municipal idea. The Islands will be divided into municipal districts having control, under restrictions and limitations, of purely local affairs. Honolulu, for instance will be a municipal district, embracing the whole of the Island of Oahu.

Hawaii may be divided into two districts, and Molokai, Lanai and Niihau may be attached to some other municipal district.

The question of a territorial legislature has not been fully settled. There will probably be one, however, but with limited powers.

All the attributes of sovereignty, however, will be exercised by the national government of the United States. The people of Hawaii will be called on to consider themselves Americans, looking to the national government as the source of national power. In local affairs they will have the opportunity of exercising the high attribute of American citizenship, local self government. The form of government the Commission will recommend will be one calculated to do away with the associations of national independence which have grown up in the past eighty or ninety years, and to create associations and the feeling of union with the United States of America.

It is pretty clear from what has been said by members of the Commission from time to time, that in framing a form of government for these Islands, they have also been charged by the administration at Washington with forming a model which can be adapted to Porto Rico and other new possessions the war has brought the United States.

The Commission is trying to shape its work as to be able to conclude its labors September 30th. The visiting members will in that case be able to return to the mainland by the steamer of September 27th. This will be in plenty of time for the prompt presentation of the bill which will be drafted right after the opening of Congress on the first Monday in December.

DOWSETT HEIRS.

FIRST CALL ON SATURDAY

STOCK EXCHANGE EXPECTS TO OPEN THEN.

Gratifying Success in Listing Stocks is Being Met With—Preparations are Being Pushed Rapidly Forward.

The first call of stocks on the new Stock Exchange will probably take place next Saturday at 10 o'clock. Efforts are being made to get everything ready for that time. Colonel Fisher was appointed this morning to secure quarters, but if everything else is in readiness temporary quarters can be secured.

The first meeting of the Exchange since the membership was completed was held this morning. All but one of the members was present. The subject of listing stocks occupied much of the attention of the meeting. So many of the important plantations have already indicated a willingness to list their stocks, that it is hoped to have them all listed before a call of stocks for sale or purchase is made. A committee on stock listing was appointed, consisting of E. C. Macfarlane, J. H. Fisher and W. M. Giffard.

A membership committee was appointed consisting of Harry Armitage, F. M. Lewis and T. F. Lansing. An investigating committee to act also as an arbitration committee was appointed, consisting of J. H. Fisher, Frank Hustace and George R. Carter. In every way the prospects for the Exchange are bright.

DOCUMENTARY EVIDENCE.

In the case of the Hawaiian Agricultural Company vs. Samuel Norris, a bill for specific performance, plaintiffs have served notice on defendant that they intend to prove the fact and document herewith given and that the same is open to defendant's inspection.

"Kahuku, June 2, 1898.

"Mr. J. Monserat,
"Dear Sir: Your favor of June 1st is at hand. I can give no answer to your letter. J. O. Carter has the selling of the ranch. The Portuguese at Honolulu were trying to get money when last heard from Carter. They sent a man here last week to look at the place. He was somewhat pleased with it and told me he would buy himself if his company did not. Respectfully yours,
"S. NORRIS."

ALLIANCE DELAYED.

Did Not Sail Yesterday as was Expected.

The steamship Alliance did not sail yesterday afternoon as she was announced to do. She did not get away until today. The cause of the postponement was the delay in getting the receipts and vouchers for the cargo brought down from the officers of the troops who came down on the Alliance. The change in camp arrangements near Diamond Head occupied the time and attention of the officers to the delay of the Alliance.

The steamer takes up quite a cargo of bananas and miscellaneous merchandise and a number of passengers. Captain Hardwick expects to reach San Francisco in ten days from the time of sailing. The Alliance belongs to the Johnson & Locke Company and has been engaged in the trade between San Francisco and St. Michaels.

Her officers are: Captain E. N. Hardwick, First Officer A. Donaldson, Second Officer E. B. Woods, Chief Engineer William Schneider, First Assistant Engineer James Smith, Second Assistant Engineer F. L. Fox, Purser J. W. Whitbeck, Steward J. H. Close.

A number of the soldiers who came down on the Alliance came down yesterday afternoon to see her off and bid goodbye to her officers. A number of the latter have become infatuated with Honolulu and promise themselves to return here.

THE ZERBE CASE.

In the suit of H. Zerbe vs. the Government of the Republic of Hawaii, for balance of wages as assistant appraiser in the custom house, Attorney General Smith has filed answer for the government admitting that Zerbe was commissioned as assistant appraiser and examiner, but alleging that he was so employed at a salary of \$100 per month, which has been paid. It is denied that Zerbe was ever promised \$150 per month or that his services were worth so much or that the head of the bureau ever promised him that salary.

NEW JAPANESE CONSUL.

THE MOKULEIA OPTION

JUDGE PERRY'S APPROVAL MUST FIRST BE HAD.

Matters Connected With the New Waialua Plantation and the Gay Estate Before the Circuit Court.

In connection with the formation of the new Waialua Plantation Company there has been filed in the Judiciary department a copy of an option given by the trustees of the estate of James Gay to B. F. Dillingham, to lease such portion of the Gay estate as is situated on the mauka or inland side of the government road at Mokuleia in Waialua, this Island, rising to an altitude of 200 feet above sea level and supposed to contain 600 or 700 acres of sugar land. Accompanying this document is a notification of acceptance of the option by B. F. Dillingham and a petition to Judge Perry to confirm the same, many of the Gay minors being interested in the property.

The option provides for a lease to be given by the trustees containing the following covenants to be performed by the lessee: The lease to be for the balance of the unexpired term of the J. P. Mendonca lease. In lieu of rent the value of one-twentieth of all the sugar and other produce grown upon said lands shall be paid. While the object of the lease is the cultivation of sugar cane the lessee may cultivate other crops that will make as good returns. At least three-fourths of the area is to be under constant cultivation; any unutilized lands to pay rent at \$10 per acre. All improvements to revert to the lessors.

The estate of Jas. Gay reserves the house lot and homestead, arable well and stables and stock yard, not exceeding twenty acres of other lands to be set apart upon request. No buildings or laborers quarters to be erected within a quarter of a mile of the homestead.

MAY GO TO AFRICA.

Offered an Important Business Position in Johannesburg.

T. S. Southwick has been offered an appointment by Anderson, Son & Co., of London, England, to take charge of their interests in South Africa, with headquarters at Johannesburg, and agencies at all the larger towns in the colonies. Anderson, Son & Co. are shipping and general commission merchants, and have offices in all the large cities of Europe, as also some in the United States.

Mr. Southwick has lived in South Africa. He has had this offer under consideration for some time, but is still undecided whether to accept this second call to the Dark Continent.

CATHEDRAL WEDDING.

Nickelsen-Sorenson Marriage at St. Andrew's Tonight.

At St. Andrew's cathedral, Miss Franka Nickelsen will be married to Olaf L. Sorenson, at 8 o'clock this evening. The cathedral will be handsomely decorated in honor of the occasion. Wray Taylor will preside at the organ and the choir of the Second Congregation will sing. Rev. Alex. Mackintosh will officiate. Miss Kulumann Ward will be the bridesmaid and W. Armstrong the best man.

The groom is an official in the govt. survey office. The bride was formerly a teacher at Makawili. Following the wedding at the cathedral there will be a reception to the newly married couple at the home of Mrs. C. W. Ashford. Mr. and Mrs. Sorenson will sail by tomorrow's Kinau for the new plantation on Molokai, where they will be the guests of the groom's sister, Mrs. P. McLain.

LIEUTENANT HUNT.

Lieutenant Hunt, who is now convalescing after a severe illness, is a guest of the family of Rev. Alexander Mackintosh.

WHY NOT BUY A SINGER?

You want a sewing machine? Then why not buy a Singer? There has been more of them sold than any other make. They wear longer, run lighter and do better work than any other make. They have never been a cut price machine, the workmanship on the Singer will not admit of cut prices. A few dollars in the original cost between a good machine and a poor one counts for nothing. B. Bergerson, agent, Bethel street.

TO FILL YOUR REQUIREMENTS.

Anyone buying a carriage of any sort should get something to comply with their requirements and taste. By sending your order abroad you are liable to get something unsuitable. Schumann's Carriage Repository, on Fort street, keeps on hand a large stock of carriages and wagons, and sells at prices which you cannot beat yourself.

NOTICE.

I desire to inform the public that I have arranged accommodations for them at Remond Grove.

PEARL HARBOR VISITED

ANNEXATION COMMISSIONERS AT THAT PLACE TODAY.

Are Accompanied by Admiral Miller, Professor Pritchett of the Coast and Geodetic Survey, and Others.

The Annexation Commissioners are at Pearl Harbor today. They are making a trip through the locks in the launch of the Philadelphia. The party consists of the five Commissioners, Admiral Miller, Professor Pritchett, Professor W. D. Alexander, B. F. Dillingham and F. M. Hatch. The party left on an early train on the Oahu railroad and went as far as Aki's mill, where the Philadelphia's launch was waiting for them. In the launch they steamed all over the harbor. Admiral Miller, who is thoroughly informed as to Pearl Harbor from a naval point of view, pointed out the advantages which originally induced the United States to secure concessions there for a naval station. Professor Alexander, who is thoroughly conversant with it from the point of view of a geodetic survey, pointed out the geological structure and the improvements that will be needed to make it the ideal naval rendezvous.

No name in connection with the Hawaiian Islands is better known on the mainland than Pearl Harbor. It is not unlikely that since Hawaii is annexed the harbor and portions of the shore will be reserved for naval purposes. At any rate the Commission wants to know something about Pearl Harbor from actual observation, and have taken this opportunity to see it. Much may come to Honolulu in the way of improvements and the money spent on them, from today's visit.

PUNISH THEM.

Editor Star:
It is to be hoped that the perpetrators of the outrage upon the Chinese store keeper in Manoa will be brought to justice. There seems no doubt that the guilty men are United States soldiers. The military authorities should give every assistance to bringing these men to punishment, or should punish them severely themselves. It does not seem a wise thing to allow private citizens to roam about with revolvers in their belts to use in threatening peaceful citizens. OBSERVER.

CIRCUIT COURT MATTERS.

The Amount and Final Accounts of the Gay Minors.

In Judge Stanley's court the suit to quiet title of Lucas vs. Perry still drags along. Judge Perry being interested in the case is only attending to matters in chambers this week. It may be several days before the end of the trial is reached.

In Justina Franca vs. A. F. Franca, petition for separation, it has been stipulated that the case may be tried in term time or vacation.

W. O. Smith as guardian of Llewellyn, Alice, Ethel, Eric, Helen, Arthur and Frida Gay, files his annual account, showing receipts \$4,995.50, disbursements \$3,178.60, balance on hand \$1,716.90.

W. O. Smith also petitions for allowance of his accounts and final discharge as guardian of Alice M. K. Gay. The accounts show the ward to be indebted to her guardian in the sum of \$563.11.

The same petitioner also asks to be discharged from the guardianship of Llewellyn N. Gay, for whom as guardian he holds in trust \$746.84.

W. O. Smith also files his annual accounts as guardian of the estates of the Hamauku and Pahau minors.

Louis Pearson has petitioned for letters of administration on the estate of his wife.

Formal notice of appeal in the case of Kahului Railroad Company vs. Hawaiian Commercial and Sugar Company and John T. Hackfeld, action on a bond, has been filed.

In the case of A. Mouritz vs. Elizabeth and Charles Cokett, Judge Perry has ordered the defendants' demurrer stricken from the files, and allowed the defendants' three days in which to plead, demur or answer.

Service of summons in the case of the Pacific Hardware Company vs. G. W. Lincoln and H. E. Cooper has been returned to the court. Suit is brought for the November term to foreclose a lien of \$101.

Satisfaction of judgment has been recorded in the suit of Mary G. Bush vs. William C. Achi.

In the ejectment suit of Emilie Macfarlane vs. E. K. Wilder and others, in which a jury recently decided for defendants, plaintiff has filed her bill of exceptions.

In the case of the Makee Sugar Company vs. Tuck Chew, the defendant sets up as a plea in abatement that the matters in issue are already before the court in the suit in which Tuck Chew as plaintiff claims \$107,848.50 as damages from the Makee Sugar company.

THE DESERTED BUILDING

NOT EVEN A POLICEMAN WAS ON GUARD THIS MORNING.

Gatling Guns and Field Pieces at the Executive Building Unmanned For—Colonel Barber and His Office.

Never since the first stone of the Executive building was laid has it presented such a deserted appearance as this morning, when for the first time since its construction there was no military guard around it. From Kalakaua's time until today there have always been some troops stationed about the Executive building, but today there were none. The Hawaiian troops left their quarters at 5 o'clock last night, having removed their belongings during the day. They moved out on time as had been agreed, but no United States troops put in an appearance to take their places. Whatever National Guard belongings were left in the men's quarters in the Bungalow and the former barracks were deserted for the night.

At 10 o'clock this morning there was hardly a soul about the building, even the departments seemed to have about half their usual clerical force, and at the Bungalow matters were even worse. The only man left of the Hawaiian militia about the building was Private Boyen, clerk to the adjutant, who was storing away the odds and ends of military property turned over last night. In Colonel Barber's office two partially dismantled billiard tables were still standing, but no one seemed to know when or how they would get upstairs. Colonel Barber had not been heard from and no one knew what his plans were or the reason Company M or some other company of the New York regiment had not put in an appearance. The Gatling guns outside looked as if they had been out all night, as indeed they had, for there was no one to cover them up last night or give them a polishing this morning.

There were no ceremonies in vacating the premises last night. The companies formed in citizens' clothes in the hallway of the basement and were addressed by Captains Coyne and Ziegler. Colonel Fisher made a few remarks, thanking the men for their attention to duty and expressing the regret of the government and himself at their leaving the service.

Minister King stated this afternoon that six guards had been put on yesterday, three on night duty and three for the day time. They were selected from the troops mustered out last night. One man is stationed at the Executive building, one at the Bungalow and one at the Judiciary building.

At 2:30 this afternoon none of the New York men had made their appearance and it was supposed some hitch had occurred in the arrangements.
